

**ENCOUNTERS IN THE DESERT
THE CASE FOR ALIEN CONTACT AT SOCORRO**

By Kevin P Randle

New Page Books, 2018, 284 pages

In April 1964, a New Mexico policeman, Lonnie Zamora, saw an egg-shaped craft accompanied by little men. Then there was an explosion and the craft took off into the sky. Zamora was not the only witness and there was physical evidence of a landing. Project Blue Book astronomer Dr J. Allen Hynek, investigated the case, took soil samples and classified it to be an unknown.

MUFON of Ohio researcher, Rob Mercer, had acquired some Blue Book files that had belonged to First Lieutenant Carmon Marano. He is thanked in this book for his help.

There was a symbol on the craft. There has been much speculation on what it was. In addition, Dr. Randle, a Gulf War veteran, has told of other alleged UFO landings. This is a well-researched and written book by a veteran Ufologist. Our own group, RUFOS, cooperated with Don Schmitt and Randle on the best selling book, "UFO Crash at Roswell", 1991.
