Greetings Fellow Earthlings and Happy Valentines Day.....

Our next **Roundtown UFO Society meeting** will be held later this week, Thursday, **February 12 @6:00 PM EST** at the American Legion Post #134 in the banquet room (the banquet room door is on the side of the building; it is well marked).

Please feel free to join us and to invite guests!

We discuss numerous anomalous topics.....UFOs/UAP/USOs, cryptids, strange phenomenon, etc.

Attendees are welcome to share experiences if desired but it is completely voluntary....no pressure.

One sad item of interest to share.....

On January 20, 2026, Fran Ridge passed away. He was a pioneer in UFO research field throughout most of this life working with NICAP and MADAR UFO detection among many other accomplishments. An obituary and proper tribute to Fran's full body of work can be viewed at: https://www.nicap.org/bios/detailed/Ridge_F_detailed%20bio.htm

A few items of potential interest.....

- The Sol Foundation appears to have released most (or all?) videos of their latest conference in November 2025 but they don't all appear to be consolidated into a single playlist yet. However, they can be accessed on an individual basis:
 - https://www.youtube.com/@_SolFoundation/videos
- The UAP Con event took place on January 25. The entire event presentation is available free of charge.
 - Website: <https://uapcon.com/>
 - Videos: <https://www.youtube.com/@UAPCon>
- This Feb 3 Reality Check installment from Ross Coulthart sure looks interesting regarding NASA:

- Dr. Ben Woodruff, Biologist, presentation on his findings from Skinwalker Ranch in Vernal Utah. He did a similar presentation at Phenomecon 2025 but **this** video presentation contains more than was shared at last year's event. I find it ****fascinating**** but if you're at all squeamish, you might want to skip this one.

- James Fox news conference with multiple witnesses from the Virginia Brazil case of 1996:

- George Knapp has rebooted the KLAS "Mystery Wire" series

- The last two Weaponized installments have put forth some very interesting military video footage of purported UAP. Take a look:

 - <https://www.youtube.com/watch?v=wsfTIh8PV6o>
- UAP Detection and Tracking Summit occurred this last weekend. It was stated that they were going to make the videos from the conference available free of charge but I don't know exactly when that will occur. I'll share in future updates. This was a VERY interesting online conference IMHO covering the current state of citizen-led UFO detection and tracking along with potential future paths.
