

CHRIS'S MESSAGE

MARCH 2024

Greetings RUFOS Members!

Friendly Reminder:

The **March Roundtown UFO Society meeting will be held this coming Thursday, March 14, 6:00 PM EDT** at the American legion post #134 in Circleville, Ohio.

The address is: The address is: 23363 US-23 S, Circleville, OH 43113

Please feel free to join us and to invite guests!

Don't forget to subscribe to the Roundtown UFO Society twitter and FB feed if you're on social media.

Updates can also be found the www.roundtownufosociety.com website as well.

For our remote RUFOS members, we're planning to offer remote participation using zoom.

But there are 2 cavaets. First: There has been some level of internet disruption during the last two meetings and I suspect that it is an issue with the main service equipment at the site. It may not yet be resolved. The second issue is that if I catch whatever plague my husband has acquired, I won't be able to attend. That's a last-minute call. (FYI also: There will NOT be a zoom component available for the April meeting.)

Those wanting to join via Zoom, please contact:

Here are a few recent items of particular interest:

First and most important, AARO released their first volume of their historical review last Friday. It's available at the following link.....and it's a huge steaming pile of suppression and diversion:

https://drive.google.com/file/d/1JJUPtWiFhi_90AbnKlBYalMgAs0FSQMg/view

There are numerous literal errors in the report in addition to the point that it's another attempt to downplay the subject, it's voracity and to throw disrespect to those, including congress, who believe in any level of seriousness of the subject. Let's just call it the next in a series of suppression attempts. There are numerous rebuttals of the report. Here are a couple of those rebuttals that are well worth a read. Please share with others who have an interest in the subject and may be wondering about the mainstream media reports coming out which have erroneously taken this report at face value.

Rebuttal from Robert Powell, credentialed long-time researcher:

<https://www.sott.net/article/489665-AARO-Report-Flawed-unresponsive-clueless-and-knavish>

Rebuttal from Kevin Randall, also a long-time respectable researcher:

<https://kevinrandle.blogspot.com/2024/01/kirkpatrick-aaro-project-mogul-and-moore.html>

Article from The Debrief:

<https://thedebrief.org/pentagon-uap-report-says-no-evidence-u-s-has-collected-exotic-technology-kept-programs-hidden-from-congress/>

And another excellent article from the Liberation Times:

<https://www.liberationtimes.com/home/end-game-the-pentagon-establishes-path-to-disaster-following-release-of-ufo-report>

There are numerous other articles, podcasts and alternative media available with respectable, balanced viewpoints on the release of this report. I've just picked a few of those that I've seen.

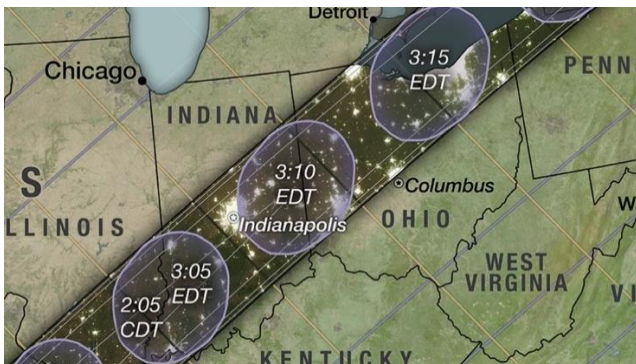

Second, Darcy Weir has released another in his series of documentaries "Transmedium: Fastmovers & USOs"

<https://www.amazon.com/Transmedium-Fastmovers-USOs-Tim-Gallaudet/dp/B0CVFGHDMQ>

This is likely available on other platforms as well. This is available for viewing now.

Third, I've included a table below with quite a number of conferences, festivals, exhibitions and educational events. This list is far from exhaustive but I've attempted to hit the major ones. Hope this is helpful! It was for me. 😊

Fourth, TOTAL SOLAR ECLIPSE April 8, 2024!! This isn't related to RUFOS in particular but it's an important skywatching event and one that will occur BEFORE our April RUFOS meeting. On April 8, a total solar eclipse will transverse the north American continent and it will come through Ohio. The catch is that the path of totality will pass to the west and north of Columbus. Plan your location accordingly! You'll see a partial eclipse in the Columbus area and to the south and east but it is NOT THE SAME AS SEEING A TOTAL ECLIPSE! Here are a couple of resources for more information:

We'll certainly discuss these and numerous other items at the meeting on Thursday!
