

CHRIS'S MESSAGE

May 10, 2022

Greetings Everyone!

Our next RUFOS meeting will be held on Thursday, May 12 starting 6:00 PM at the American Legion Post #134 in Circleville Ohio.

The address is 23363 US Route 23 S, Circleville OH 43113. **Please note that there is major road construction going on in Circleville.** The Court Street bridge over Hargus Creek is one spot and the northbouth on-ramp from Court Street to us Route 23 Northbound is another. I ***think*** both are closed but not completely sure on this. Depending on what route you normally take, you might have to find another path.

UPCOMING RUFOS SKYWATCH, Friday MAY 20....more details to follow in email and on the RUFOS website!

PLEASE MARK YOUR CALENDARS for our upcoming RUFOS Spring Skywatch at the historical Stephenson Farm....the site of an famous and very early UFO sighting in Circleville (Now occupied by Sandy Barthelmas who kindly is offering for us to hold our event at her home.). We'll share information regarding the 1948 sighting by Mr. Bruce Stephenson and associated significant events.

PUBLIC CONGRESSIONAL INTELLIGENCE COMMITTEE HEARINGS MAY 17 REGARDING THE UAP TOPIC!!! AND YOU CAN WATCH THEM!!

THIS IS A BIG DEAL FOLKS!! This info was published earlier today. Many thanks to member Kathleen Covalt for sharing this information shortly after it was announced! Lots of articles are coming out by the minute.....

The House Intelligence Committee's subcommittee on Counterterrorism, Counterintelligence, and Counterproliferation will hold the public hearing on the subject on May 17 at 10 a.m. ET

This should be particularly interesting especially given that several congressional members have expressed their displeasure at the progress made by the AOIMSG committee on investigating the UAP topic so far.

A couple of additional notes that may be of interest.....

The documentary **“A Tear In The Sky”** is now available for viewing on several platforms. It is a documentary regarding the UAPx team’s effort to obtain data using multiple sensor platforms on the coast of California and Catalina Island.

There is a charge to watch this documentary. I may play an outtake during the meeting on Thursday if we have sufficient time.

They’ve obtained some VERY interesting data which is discussed in the following YouTube video (which is free): <https://www.youtube.com/watch?v=TVcaFq8Bo-A>

The film **“Alien Abduction: Answers”** is now also available on several pay platforms for viewing. (I have not had a chance to watch this one yet....can’t speak to it but wanted to mention it!)

Also, our fellow RUFOS member has offered to host fellow members in her upcoming course. If you’re interested, please see the registration link below! THANK YOU KATHLEEN!

The Scientific Search for UFOs/ UAPs (online via Zoom)

Thanks to the Glen Cove Public Library this online presentation via Zoom is made available for FREE!

In this fascinating presentation, we will take a look at The Galileo Project for the Systematic Scientific Search for Evidence of Extraterrestrial Technological Artifacts that was announced in July, 2021 by Harvard University Professor Avi Loeb. This project will be using specially adapted telescopes to look in our atmosphere for evidence of UFOs/ UAPs and also to look further out into space for objects that may be technological artifacts from extraterrestrial civilizations similar to the first time observed interstellar object, called 'Oumuamua, that briefly visited our Solar System in 2017. And we'll also explore some other scientific coalitions that are investigating UFOs/ UAPs traveling through our skies and underwater.

Wednesday, July 6, 2022, 7-9 PM EDT

Please register with the Glen Cove Public Library for your Zoom link at:

<https://zoom.us/meeting/register/tJwuf-GvrDotGdEuH0GHnKCs40ILH2IbDbWJ>

You may also view Kathleen's additional offerings at her

website: <https://pureenergylady.wixsite.com/presentations/about>

And an interesting article on [medium.com](https://medium.com/@sean.cahill/skyfort-announces-phase-ii-90a2334172e4) regarding Skyfort efforts and the next phase: <https://medium.com/@sean.cahill/skyfort-announces-phase-ii-90a2334172e4>

(Standard Disclaimer on everything.....I'm very fond of this quote from retired CIA senior analyst John Ramirez: "Embrace Widely; Hold Lightly")

In other words, anything we share does not necessarily represent the opinions of RUFOS leadership & members. Please consider all as sharing more data in the wide, deep pool of this subject material.)

Still not sure about online zoom meetings....running into some snags with the equipment. More to come.....

Kind regards and hope to see you there!

Chris Frantz
