

CHRIS'S MESSAGE

JULY 10, 2025

Greetings everyone!

Happy belated World UFO Day!

Yet again the torrent of UFO/UAP/USO, cryptid and anomalous related news has not slowed down nor abated at all over the last month!

We'll discuss these topics at our upcoming Roundtown UFO Society meeting which will be held this Thursday, July 10 @6:00 PM EDT at the American Legion Post #134 in the banquet room (the banquet room door is on the side of the building; it is well marked).

Address: 23363 US-23 S, Circleville, OH 43113

Please feel free to join us and to invite guests!

This is a safe space for folks who would like to learn and share info about the anomalous realms of UFO/UAP/USOs, cryptozoological creatures, paranormal and other anomalous topics. Folks are welcome to share any experiences you would like but there is no pressure to do so either.

For our remote RUFOS members, we're planning to offer remote participation using zoom.

Here's the zoom meeting invitation link if you would like to join remotely:

Our intermittent internet drop-out issues may still occur so I can't guarantee a seamless connection yet. We've seen this consistently enough now that we should be able to pursue with Spectrum internet service provider. It seems to occur closer to 8:00 PM so we'll try to cover as many topics as possible before that time.

One time-critical item to share:

RUFOS member Paula Metzger has kindly invited RUFOS members to her property for a fireworks event this coming Saturday July 12. Folks will gather at Paula's farm between 6-7 pm in anticipation of the fireworks display which will start shortly after dark. There will be Corky Que BBQ food truck on site for those that would like to purchase food and there will be live music on site as well. The event is BYOB&C (bring your own beverage and chair). You're welcome to bring your own picnic if desired too. It's ok to bring desserts but NOT necessary. The address for the event is 4127 Dugan Road, Circleville, Ohio, 43113.

Additional upcoming events:

CE5 monthly events first Saturday of each month

RUFOS member Ed Copley has shared that all CE5 members and interested parties are encouraged to do a meditation sometime between 9-midnight EST which would be this coming Saturday, June 7 using local time. This global meditation is associated with with the Alien Contact Patreon group (first link below). Also, I know there are additional CE5 events

that are scheduled in the Ohio area a more ad-hoc basis. Please see the links below for more information and I can put you in touch with Ed if more info/insight is needed.

RUFOS member Kathleen Covalt has a number of classes, presentations and discussion groups as well as a variety of services available. Take a look at her website for upcoming events:

Here's a sampling of really recent events that we'll discuss among many others on Thursday: RUFOS leader, Cameron Jones will share details regarding a recent UFO/UAP sighting from a close relative.

The recent debunking Wall Street Journal articles which brilliantly wove the completely nonsense narrative: "The Pentagon Disinformation That Fueled America's UFO Mythology". We'll also discuss numerous sources that have since clearly shown the vast array of errors that these authors have made. Were they naive or manipulated?

It now appears that Ross Coulthart and possibly other prominent persons in the UFO/UAP/USO investigatory realms are stating that the "tic tac" ufos are Lockheed-Martin tech and that the Chinese are behind the initial drone invasions....and made have made a huge leap in anti-gravity tech. That's a couple of pretty big claims.

For the first time, passive radar seems to have successfully detected and confirmed a very strange UFO case in Germany.

Potential upcoming congressional hearings from the Governmental Transparency Caucus and who may participate.

Senator Mike Rounds confirms that there will be another attempt to introduce UAP legislation into the 2025 NDAA/IAA.

These online publications have been providing REALLY valuable additional daily/weekly updates on anomalous subjects. I highly recommend looking at these sites regularly and subscribing where available.
