WHAT A MONTH JULY HAS BEEN!

This latest round of incredible developments have been initiated by the **open Congressional UAP hearing held by the Subcommittee on National Security, the Border, and Foreign Affairs**

on July 26. You can watch the FULL hearing at the following

link: <https://www.youtube.com/watch?v=KQ7Dw-739VY&t=3s>

THIS OPEN HEARING HAS HAD OVER 1.2 *MILLION* VIEWS since it's original airing on July 26. David Grusch, David Fravor and Ryan Graves testified, under oath, in front of a committee who seemed to take the subject very seriously and seemed to ask probing, thought provoking and intelligent questions of the witnesses. George Knapp and Jeremy Corbell were seated in the front row.....as well as David Grusch's attorney, previous Inspector General of the Intelligence Committee. And James Clapper, former CIA director, was also in the front row.....this I do not yet understand and find it VERY intriguing. Leslie Kean, Daniel Sheehan, Steven Basset, Martin Willis were additional persons that I saw in the audience.

The next item of extreme interest would be the proposed legislation introduced by five senators entitled “[**Unidentified Anomalous Phenomena \(UAP\) Disclosure Act of 2023**](#)” to collect, review and potentially declassify UFO documents as well as establish federal governmental eminent domain over any non-human craft or biologicals related to unknown phenomenon:

MANY other articles have been published on this legislation.

NUMEROUS articles, videos, podcasts, media outlets have picked up on these stories and MOST are covering this in a serious manner.

You can use a basic search engine to go out and look for the HUGE numbers of articles/stories/media/video/podcasts on the subject that have been produced in the

last month to find more than you’ll be able to listen to in the next full month.

I would also personally recommend listening to the podcast “Weaponized” with George Knapp and Jeremy Corbell as well as “Need To Know” with Ross Coulthart and Bryce Zabel to catch up on the related issues and background information on what has occurred before and after the hearings if you’re interested in current developments and movement regarding the UFO/UAP/USO subject.

RECENT DEVELOPMENTS WITH RUFOS MEMBERS:
