

## Chris's Message October 01, 2023

Greetings everyone!

I have a few items to share that are time critical before our next meeting.

Our next RUFOS meeting will take place next week: Thursday, October 12 @ 6:00 PM EDT at the American Legion in Circleville. I'll send out another reminder before that time with info for the zoom portion as well! (Most recent tech issues are resolved I believe!)

First, we've had to postpone our skywatch for a couple of reasons. (It had originally been scheduled for this Friday Oct 6.) We'll discuss potential reschedule at the meeting next week.

Second, the Ohio MUFON conference is scheduled for Saturday, October 14 in Bellville Ohio

**10:00-~6:00 PM.**

**2023 MUFON OF OHIO CONFERENCE**

**Saturday, October 14, 2023**

**10 AM - 7 PM EDT**

**Quality Inn and Suites**

**1000 Comfort Plaza Drive**

**Bellville OH 44813**

### **Speakers for the event include:**

James Willis, prolific speaker and author on numerous Ohio-based paranormal topics  
Paul Seaburn, writer for Mysterious Universe and host of "What In The World" podcast  
Dr. Matthew Szydagis, Associated Professor of Physics at Albany State University and Scientific Team Member of UAPx

Tom Wertman, Ohio MUFON State Director

**For more information:** <https://www.mufonohio.com/mufono/2023UFOconf.html>

And the third important item at this time is the discussion underway NOW regarding the proposed UAP/UFO/USO legislation within congress and the senate. You can hear more about this in the latest 2 'Weaponized' pocasts available on several platforms including YouTube. It is CRITICAL to contact your local congressperson and senator NOW to express your opinion regarding importance of the UFO/UAP/USO/NHI legislation and continued open hearings. More info can be found at the following sites:

<https://www.uapcaucus.com/enduapsecrecy>

<https://www.witnesscitizen.com/enduap...> <https://DisclosureDiaries.com/push-fo...>

<https://DeclassifyUAP.org/action>

And while you're at it, contact the office of Ohio congressman Mark Warner of the Dayton/wright-Patt/Fairborn area also with your input. The reason is he is sited by multiple sources as one of the key persons trying to suppress any further hearings or discussion on the topic....and he's not happy his name has been put forth.

That's it for now! More later....

As always, Standard disclaimer applies.....

Hope to see you at the next meeting!!

Chris Frantz

RUFOS Secretary
