Meeting ID: 885 3480 8991

Passcode: 625408

At our upcoming meeting, we'll discuss the NUMEROUS articles, events and updates around the ufology and esoteric topics...and there have been a ton of them in the last month.

I'll share a couple of the major events here and we'll discuss during the meeting as well. I have to keep this email rather short on this round, but will share many more in an upcoming mailing!

Here's a list of a few significant developments over the last month:

- The release of the 2nd Office of the Director of National Defense UAUPTF/AARO UAP task force report. The classified version went to congress in late October. The unclassified version has yet to be released. And of course there was the obvious pushback from the DOD beforehand in an attempt to manipulate public perception before any portion of the report was released.

- James Fox “Moment of Contact” was released in mid-October and is a documentary regarding the 1996 crash of a non-human craft in Varginha, Brazil. If you have not yet had a chance to see this documentary, James has assembled an amazing group of first-hand witnesses and a timeline around the events that took place as a part of this incident. Here’s the link to the YouTube trailer. Info is included in the trailer on where it can be watched through live-streaming.

- NASA officially announced their investigatory team and launched their 9 month investigation to determine what data they can use to perform a UFO study. (Meanwhile, every single human interested in this subject is yelling at their devices in exasperation “look into your own stored data for proof!!!!!!)
