Here are a few updates important to share:

- First, **a kind thank you** to our members and guests who were able to join us for the skywatch meeting in October. It was an enjoyable, cool, clear night for food and discussion with friends at Canal Park. The bonus for the evening is that we were treated to a rare display of the aurora borealis afterward.
- I'm so sorry to share the sad news that Paul Althouse, Ohio MUFON webmaster and long-time member passed away suddenly on October 23. Our kind thoughts and prayers to his wife Terry and his family and friends.
- **IMPORTANT: A congressional UAP hearing will occur Wednesday, November 13 at 11:30 AM EST.** This hearing will include witnesses Mike Shellenberger, Mike Gold, Luis Elizondo and Retired US Navy Rear Admiral Timothy Galluadet. This should be a VERY interesting hearing. This is expected to be broadcast on C-Span and livestreamed at the following youtube site. The livestream is usually made available for replay immediately afterward as well:

- Then, on **Tuesday, November 19**, a **senatorial hearing on UAP** will commence. However, I'm not aware of a specific time and/or links having been published yet for this hearing. I will share info once I obtain specifics. This hearing is expected to focus on the AARO (All-Domain Anomaly Resolution Office) and may be our first public introduction to the new director Dr. John Koslowski. Here's a link to a Vetted podcast regarding this hearing:
 - <https://www.youtube.com/watch?v=R7mieSc7iis>
 - The web archive site (archive.org) has been hacked badly. It's in the process of being restored but if you're having trouble getting to information at this site, this is probably why. This speaks to the importance of downloading and keeping a copy of information on YOUR OWN MEDIA (and not the cloud).
 - Even though the presidential election is thankfully behind us, I found this review of presidential statements, current and historical, regarding UFOs/UAP to be particularly interesting:
 - https://www.youtube.com/watch?v=JzV13TJjVyM&list=PL6PrA6lo8rJLRExhMvX6wKyNzy0hr_QM3&index=2
 - The leak of the purported USAP UAP umbrella program named "IMMACULATE CONSTELLATION" is getting a lot of press in the last month:

 - <https://thedebrief.org/opinion-immaculate-constellation-could-the-government-really-hide-a-secret-ufo-program/>
 - Several documentaries have just been released on the UAP/UFO/NHI subject:
 - George Knapp's "Investigation Alien" series on Netflix: <https://www.netflix.com/title/81674441>
 - Beyond UFOs and the Unknown on MGM+: <https://www.primevideo.com/detail/Beyond-UFOs-and-The-Unknown/OSF8I3RXWH1E6TE9E463UTYK11>
 - The Manhattan Alien Abduction: <https://www.netflix.com/tudum/the-manhattan-alien-abduction>
 - Although the October 20 Global Day of Disclosure hosted by Daniel Sheehan's and Jim Garrison's New Paradigm Institute wasn't as sharply impactful with the announcement that NDAA-required National Archives UAP/UFO record transfer deadline was moved out by a year. However, the event still took place with some very notable statements by persons in the early part of the program....especially Karl Nell and Ross Coulthart: <https://www.youtube.com/watch?v=hufO5C8sik4>
 - And last but far from least, a quote by RUFOS founder Pete Hartinger: **Just ask!** Pete's point is that all you have to do is ask others about their thoughts on the UAP/UFO/USO/NHI subject and you'll find that there are many more people who are willing to discuss the topics....and many more witnesses as well.
