

ROUNDTOWN UFO SOCIETY
MONTHLY MEETING UPDATE
January 2021

Update for RUFOS Director Pete Hartinger and his wife Patty and their fight with Covid-19:

Since Pete and his wife Patty came down with Covid-19 and we've stopped having our "in-person" meetings, we were wanting to keep folks updated with how they are doing.

Pete said that he is doing fine and that his wife Patty is home and periodically receiving oxygen. She is holding her own and slowly improving. His hopes (and ours) are high for complete recovery as well as his.

Healing thoughts and prayers from members, followers, and visitors would be a wonderful gift for them.
